

SOUNDTOUCH® 300
SOUNDBAR

ACOUSTIMASS® 300
WIRELESS BASS MODULE

VIRTUALLY INVISIBLE® 300
WIRELESS SURROUND SPEAKERS

Our mission since day one: Think of better solutions, create better products and help you enjoy the things you love. To do this, we push our research, design and engineering beyond what's thought possible. And that's reflected in our latest soundbar.

**You want the best sound.
So Bose® made the best soundbar.**

Every cubic cm of this soundbar is packed with technologies that make everything you listen to or watch sound clear and spacious. Music. Movies. TV. Everything.

SOUNDTOUCH® 300 SOUNDBAR

The SoundTouch® 300 soundbar looks slim. But the sound? Anything but. That's because every cubic cm of it is packed with technologies that make everything you listen to or watch sound clear and spacious. Music. Movies. TV. Everything. And it's designed with high-quality materials, so it looks as great in your room as it sounds.

Exclusive technologies

The difference doesn't just come through in the sound and design. You'll find Bose innovation in other ways, too.

Stream just about any music you want. Instantly.

SoundTouch® lets you stream music through Spotify® or other music services directly through your SoundTouch® 300 soundbar.

Wireless freedom.

Bluetooth® with NFC pairing and Wi-Fi® technology let you stream music whichever way you prefer.

Performance that adapts to your layout.

ADAPTiQ® audio calibration fine-tunes the sound specifically to your room and the things in it. So when you hear it, you hear it at its absolute best.

WIRELESS BASS MODULE

A wireless bass module this small shouldn't sound this big. Not everyone knows how to reduce low-note distortion on smaller modules—but we do. The result? Deep, thunderous bass you'll feel from a speaker you'll hardly notice. And that's not all that went into it.

QuietPort™ technology

This proprietary technology—along with newly advanced digital signal processing—virtually eliminates distortion. So low notes stay clean and nuanced even as they reach new depths.

Powerful driver

Also newly designed, it's key to the tremendous level of sound you get for those crucial low notes that add so much to movies and music.

Premium materials

The tempered glass and aesthetic add a look of refinement uncommon for a bass module. It's durable and elegant, a premium look that matches the premium performance.

VIRTUALLY INVISIBLE® 300 WIRELESS SURROUND SPEAKERS

These small speakers take spaciousness to a whole new level. Add them to the SoundTouch® 300 soundbar and feel what it's like to be in the middle of what you listen to or watch.

Slim soundbar. Thunderous bass. Full-on surround sound.

You won't believe what the SoundTouch® 300 soundbar can do on its own. But for even more impact and to feel like you're at the centre of the action, add the Bose® wireless bass module and wireless surround speakers anytime.

ACCESSORIES

WB 300 wall mount kit

Bose® SlideConnect™
WB-50 wall bracket

UFS-20 Series II
universal floor stands

Stream music to more than one room.

Lifestyle® systems deliver stunning performance for one room, but your music doesn't have to stop there. With SoundTouch®, these systems are part of an entire family of wireless products that give you instant access to millions of songs.

Once you have one SoundTouch® system, it's easy to add more anytime. They all work together, so as you go from room to room, your music goes with you. And you can control it all with the SoundTouch® app.

Lifestyle® home entertainment systems

LIFESTYLE® 650
HOME ENTERTAINMENT SYSTEM

For the best 5.1 system, Bose compromised on nothing. Astonishing 360° sound. Brushed anodized aluminium finish. It's designed to sound every bit as stunning as it looks

LIFESTYLE® 600
HOME ENTERTAINMENT SYSTEM

A 5.1 system engineered to direct sound to you and around you, immersing you in lifelike surround sound for all your music, movies and TV.

SoundTouch® wireless speakers

SOUNDTOUCH® 10
WIRELESS SPEAKER

Small enough to fit just about anywhere, with full, rich sound that belies its size.

SOUNDTOUCH® 20
WIRELESS SPEAKER

Packs enough clear, robust sound for bedrooms, kitchens and most other rooms.

SOUNDTOUCH® 30
WIRELESS SPEAKER

For occasions big or small, this speaker delivers. Fill your largest room with deep, rich, true-to-life sound.

Wireless music. From any speakers.

SOUNDTOUCH® SA-5
AMPLIFIER

Power your existing speakers with this amp and access wireless music with it, too. Use a pair you own or choose from below.

SOUNDTOUCH® WIRELESS
LINK ADAPTER

Already have powered speakers? Connect this adapter to your existing stereo or home theatre system to stream music in minutes.

Built-in speakers

VIRTUALLY INVISIBLE® 591 & 791
IN-CEILING SPEAKERS

Engineered for full, even sound coverage. Choose the smaller 591 for more placement options, or the 791 for wider areas. Easily paintable.

VIRTUALLY INVISIBLE® 691 & 891
IN-WALL SPEAKERS

Engineered for full, even sound coverage. Choose the smaller 691 for more placement options, or the 891 for wider areas. Easily paintable.

Outdoor speakers

151™ SE
ENVIRONMENTAL SPEAKERS

Designed to deliver full stereo sound outdoors. And they stand up to harsh elements.

251®
ENVIRONMENTAL SPEAKERS

Our best outdoor speakers, designed for wide coverage. And they stand up to harsh elements.

FREE SPACE® 51
ENVIRONMENTAL SPEAKERS

The 360° sound stands out. The speakers blend in. These stand up to harsh elements, so you can leave them in- or on-ground year round.

At Bose, we're compelled to push things forward.

Our goal is to help you enjoy what you love by finding better solutions. It's a philosophy that Bose Corporation has remained true to since being founded in 1964. And it's centered around a strong commitment to research—the discipline that lets yesterday's impossible become tomorrow's reality.

But it's more than simply research: It's aiming for excellence in everything. From the way we run our business, to customer service, to the owner's manuals. No matter what we do, we believe that “good enough” is only the first step. We're constantly striving for better solutions and better products.

And we won't stop anytime soon, because we can't. It's in our blood.
